Introduction

Ushering as a Ministry of Hospitality

We are a community which gathers to worship God. We are called us to use God's gifts for the participation of all offering God praise.

Among these gifts are hospitality by which we lovingly share the welcome of Christ with both neighbors and strangers. To be an usher is to be called to such a ministry. Ushering is not a job but a ministry that provides a gracious welcome to all. This ministry deserves the same reverence and care given all the church's ministries.

An usher represents the whole church in conveying its hospitality. Such a welcome regards each person as someone God has called to worship. Therefore, to welcome the stranger is to welcome God guest.

This pamphlet contains important a checklist summary, general information and a detailed listing of responsibilities of Ushers and Team Captains. It does not replace training session offered for all ushers periodically. Ushers are encouraged to take CPR/AED classes when offered so they may use the AED equipment at our buildings.
